

KKMI Policy – Health, Safety & the Environment

Please help KKMI protect the environment by respecting the laws regarding the use of hazardous materials. KKMI complies with all Federal, State and local laws regarding health, safety and the environment.

- No person other than KKMI personnel shall perform work on vessels at the KKMI facilities without the prior consent of KKMI. Customers must review “Do-it-yourself” Rules and Policies with Project Manager if they are to work on their vessels while at KKMI facilities.
- All customer representatives and/or guests must check in at KKMI office upon arrival and must follow all yard rules, safety and environmental regulations.
- Outside contractors are prohibited to work on vessels at the KKMI facility without prior consent.
- It is always the responsibility of the owner to leave their work area clean. If the area is left for KKMI to clean, the cost will be added to your invoice.
- KKMI does not allow anything except rainwater to be discharged into the Bay.
- Pumping of the bilge is not permitted, on land or in our harbor.
- Should the customer see or create a spill, no matter how small, customer must report this to the KKMI offices immediately.
- Customers must not move, adjust, or otherwise touch the support stands.
- All ladders must be securely attached to the vessel. Customers that do not know how to properly secure a ladder must not climb it. Ask a KKMI Team member for assistance.
- KKMI does not allow customers to go aloft at any time.
- It is the responsibility of the customer to coordinate his activities with yard management.
- Smoking is permitted in designated areas only at KKMI Pt. Richmond. There is No Smoking at the KKMI Sausalito Facility.
