

KKMI CAREER OPPORTUNITY

MARINE ELECTRICAL TECHNICIAN

KKMI respects and appreciates the specialized skills needed for our industry and is willing to offer an attractive compensation package for the right person.

WHAT IS THE JOB?

Experienced Marine Electrician with a minimum of 5 years' experience in marine electronics and/or electrical systems. Duties require repair, installation and troubleshooting of boat electrical systems. AC/DC panels, ignition systems, secondary power systems that include; generators and inverters, solar panels, battery charging, accessory power, grounding and marine grade electronics.

Each project and boat are different. This position is physically demanding and requires working in small spaces aboard boats. Solid experience in marine electronics and electrical systems is our primary requisite. Those with similar skills from other industries are encouraged to apply. [ABYC certification](#) is very beneficial.

From a practical perspective, we provide a positive work environment, good pay and benefits, great people, and experience doing something you love. This is a Monday through Friday gig - so you would have weekends FREE!

WHO ARE YOU?

You are someone who truly understands the ins and outs of marine electrical systems. You are not afraid of a challenge and you enjoy troubleshooting and solving problems. You have a professional, efficient work ethic, and a positive team attitude. You're a self-starter who requires little supervision. Perhaps you're a tug boat engineer looking for a little change of scenery. Or maybe you're a freelance electrician and tired of the challenges of being a small business owner on call for clients 24/7. Most importantly, you understand how marine electrical systems work and enjoy the satisfaction of quality work.

We are a boatyard, so naturally it would be ideal if you understood our passion for boats. We are family owned and operated so we place a strong emphasis on making sure our employees feel respected, well-compensated and well, like part of the family.

WHO IS KKMI?

KKMI is the premier boatyard on the San Francisco Bay. Of the many things that are important to us, three things stand out:

1. We take pride the fact that we are an integral part of the boating community.
2. We place a huge amount of importance on being industry leaders in promoting best practices as they pertain to Safety, Health and the Environment.
3. We are family run and we treat our team members as though they are part of our family.

WHY KKMI?

Working around boats is, to put it honestly, pretty cool. There is something about participating in crafting, fixing, and improving boats that just feels meaningful. A good majority of us around here understand that concept, some of us caught the bug after we started working here, a lot of us were drawn to a boatyard specifically because of our passion for the sport.
