

BOAT REPAIR WIZARD

WHAT IS THE JOB?

KKMI is looking for skilled technicians who can wizard their way around boat repairs of plumbing and electrical systems, equipment installation, drivelines (props & shafts), engines, sailboat rigging, carpentry, etc. – we are basically looking for a “Jack of all boat trades.”

KKMI fully respects and appreciates the specialized skills needed for this position and are willing to offer an attractive compensation package for the right person.

WHO ARE YOU?

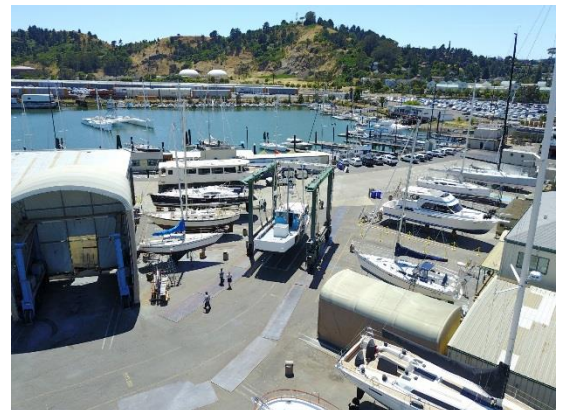

You are someone who loves boats. You get people’s affection for boats and therefore understand how important it is to fix them properly. You are a trouble shooter and a problem solver. You don’t mind getting your hands dirty and working hard. You take pride in a job well done. You have a professional, efficient work ethic, and a positive team attitude. You’re a self-starter who requires little supervision.

WHO IS KKMI?

KKMI is the premier boatyard on the San Francisco Bay. We have two locations: Sausalito and Point Richmond. We are currently looking to fill this position at both of our locations. Of the many things that are important to us, three things stand out:

1. We are proud to be an integral part of the boating community.
2. We place a huge amount of importance on being industry leaders in promoting best practices as they pertain to Safety, Health and the Environment.
3. We are family run and we treat our team members like family.

WHY KKMI?

Working around boats is, to put it honestly, pretty cool. There is something about participating in crafting, fixing, and improving boats that just feels meaningful. A majority of us understand that concept: some of us caught the bug after we started working here, a lot of us were drawn to the boatyard specifically because of our passion for the sport. We provide a positive work environment, good pay and benefits, great people, and experience doing something you love.
