POINT RICHMOND IMPORTANT INFORMATION

SAFETY, HEALTH & ENVIRONMENT

At KKMI we take our responsibilities for safety, health, and the environment very seriously and we ask the same from all visiting the property. Anyone other than KKMI Team Members, who want to work on the property, must receive KKMI's prior written consent and follow our Best Management Practices (BMPs), which are available at our web site or from the office. Some of the essential practices include:

- Owners and contractors must complete all necessary insurance requirements and follow KKMI's BMPs to work on vessels in the yard. Failure to do so may result in the revocation of privileges to work at KKMI's facilities.
- You must leave your work area clean, properly dispose of waste, and store tools or materials. If we must clean up your work area, the labor and disposal fees will be charged to your account.
- All spills, no matter how small, must be reported immediately to the KKMI office. This includes not allowing anything, including water, to enter the yard drains.
- Only KKMI may move or adjust the support stands. All ladders must be properly secured to the vessel.
- Do not unfurl sails or go aloft when the vessel is on land.
- Smoking is permitted ONLY in designated areas.
- Stay clear of the Travelift(s), forklifts and the crane while they are in operation.

- When visiting during working hours, KKMI asks that you do not interrupt Team members. If you need assistance, contact the office.
- KKMI allows pets on the premises - on leash at all times. It is the sole responsibility of the pet owner to control and clean up after their pet. [See our detailed pet policies.](#)
- While every effort will be made to haul or launch your vessel on the date scheduled, please be advised our schedule is subject to change. For critical scheduling details, contact the office.
