## **ESSENTIAL FUNCTIONS:**

Essential functions of the position include, without limitation, working at heights (with safety equipment), working in confined spaces, working with toxic materials (with industrial PPE), working in wet/cold weather conditions, working on the water and the ability to swim. This list highlights some of the most important essential functions, but not necessarily every single one.

## **PLEASE BE ADVISED:**

KKMI is very concerned about the safety of its employees and clients. Therefore we support a "drug free" workplace. We require all applicants for jobs with KKMI to be free of alcohol, illegal or unauthorized drugs and similar substances. Every offer for employment is conditioned upon passing urine and/or blood tests for drugs and/or alcohol. Those unwilling to participate in such a test are requested to not submit an application for employment with KKMI.

I authorize investigation of all statements contained in this application. I understand that misrepresentation or omission of facts called for is cause for dismissal for cause. Further, I understand and agree that my employment is for no definite period and may, regardless of the date of payment of my wages and salary, be terminated at any time without any previous notice.
